What EverLush does

From routine refreshes to the stains you thought were permanent.

Carpet cleaning

Deep cleaning for wall-to-wall carpet in bedrooms, living areas, stairs and high-traffic hallways.

Upholstery cleaning

Sofas, sectionals and fabric furniture cleaned and refreshed — including stain removal.

Rug cleaning

Care for area rugs, from everyday runners to the rug that anchors the room.

Stain removal

Spot and stain treatment for carpet and upholstery — pet accidents, spills and old marks.

Carpet dyeing & color correction

Bleach spots and faded areas color-matched back into the carpet instead of replacing it.

Carpet repair & stretching

Repairs, patches and re-stretching for ripples and damaged sections. Tile & grout cleaning too.

Small business, big track record

EverLush is owned and run by Vinson “Vince” Luna. Customers book him directly — and reviewers consistently mention fair, straightforward quotes, honest advice about what their carpet actually needs, and results on stains they had given up on.

EverLush is listed as a Thumbtack Top Pro (2016–2025), holds IICRC certification, and makes a point of working closely with families who have children with special needs.

What customers mention most

Themes that come up again and again in EverLush's public reviews.

Stains that finally came out

Upholstery and carpet spots other methods couldn't lift.

Honest, no-upsell advice

A straight quote and a clear explanation of what's actually needed.

Fair pricing

Reviewers repeatedly describe the work as good value.
