WHAT WE FIX

Repairs for the appliances your home runs on

Most major household appliances, diagnosed and repaired in your home by the owner himself.

Refrigerators
Not cooling, leaking, noisy or icing up — fridge and freezer troubleshooting and repair.

Washers
Won't drain, won't spin, leaking or throwing error codes.

Dryers
No heat, long dry times, squeaks and thumps, or not starting at all.

Ovens & ranges
Burners, bake and broil elements, igniters and temperature problems.

Dishwashers
Not cleaning, not draining, leaks and door or latch issues.

Garbage disposals
Jammed, humming, leaking or simply done — repaired or replaced.

Dryer vent cleaning
Clear lint build-up for faster drying and a safer laundry room.

Not sure what's wrong?
Describe the symptoms and the brand when you call — Adam will tell you if it's a fit.

Brand coverage varies — please mention your appliance's make and model when you reach out.

ABOUT AAG

One local tech. Over a decade of repairs.

AAG Appliance Repair is an owner-operated business based in Parker, Colorado, repairing household appliances for homeowners since 2014.

When you call AAG, you're talking to the person who will show up at your door — no call center, no hand-offs. The business serves Parker and nearby communities across Douglas and Elbert counties and the south Denver metro.

AG
Albert "Adam" Garcia
