Owner-operated local team

SERVICES

Pest problems we take care of

From the ants in the kitchen to the critter in the attic, we inspect first, explain what we find, and treat the problem where it starts.

General pest control

Interior and exterior treatments for the insects that find their way into Colorado homes.

Preventative treatments

Exterior barrier and outdoor pesticide treatments to help keep pests from getting inside in the first place.

Rodent control

Mice and rats located, removed and kept out — with attention to how they're getting in.

Bird control

Help with nesting and roosting birds around rooflines, vents and eaves.

Wildlife trapping & removal

Trapping and removal for animals that have moved into crawl spaces, attics or yards.

Pest inspections

A walk-through of your home to identify what you're dealing with and the right plan to fix it.

ABOUT

A Castle Rock company, not a call center

Castle Rock Pest Control is a locally owned LLC run by Isaac Mertens and a small team of three to four technicians, with more than 20 years of combined pest-control experience.

Instead of a national franchise script, you get someone local who shows up, explains what's going on, and stands behind the work. That approach has earned a 4.9-star average across 186 reviews and Top Pro status on Thumbtack.

- ✓ Owner-operated and based in Castle Rock
- ✓ Inspections before treatments — no guesswork
- ✓ Homes and properties across Douglas County

What customers bring up again and again:

Shows up on time · Professional · Very knowledgeable · Fair prices · Communicates quickly

How it works

01
Call or send a request
Tell us what you're seeing and where. We'll set up a time that works.

02
Inspection
We find the pest, the source and how they're getting in.

03
Treatment
Targeted interior and exterior treatment, trapping or exclusion.

04
Follow-up
We check that the problem is solved and help you keep it that way.
